## GALLERY HOTELES RENEWS COMPLETELY THE HOTEL MOLINA LARIO IN MÁLAGA

*The hotel group has announced the complete refurbishment of its hotel in Malaga and the opening of a new 4\*S hotel in Mallorca.*

Gallery Hoteles Group is starting 2018 with the complete refurbishment of its hotel in Malaga, the Molina Lario, with a 3.5-million-euro investment. This renovation project, which includes the 103 rooms and bathrooms, communal areas and patios, has particularly high hopes for its launch of a new brand of restaurant that will be unveiled in March 2018, in another demonstration of the company's commitment to quality cuisine in its establishments.

To this renovation plan, which is being carried out by **GALLERY HOTELES** group in its two urban hotels in Barcelona and Malaga, the expansion plan is now added, started with the purchase of an establishment in 2017 and that will lead to the opening in May of the third hotel of the Group, **HOTEL HONUCAI 4\*S in Mallorca**. This hotel has 78 rooms and is located in the south of the Balearic Island, at the heart of the seafront promenade in Colònia de Sant Jordi, just a few metres from the spectacular and natural Es Carbó and Es Trenc beaches.

Marta Golobardes, General Director of Gallery Hoteles, states that *“following the renovation of our flagship hotel, the Gallery Hotel in Barcelona, we are starting 2018 with a new challenge, in order to continue to grow in quality and service, positioning ourselves as specialists in the 4\* superior category. This is all possible through our strategy, based on two key pillars: **expanding our range** to include one of the most popular destinations on the European market with the new hotel in Mallorca and **complete renovation** of the Malaga hotel’s facilities to maintain our position as a leader among the city’s tourism businesses. With these new milestones, we want to offer our guests a better range of tourist destinations with the mark of quality and distinctive personality that define the Gallery Hoteles service.”*
